

# HERE'S the POINT

By SPENCE HELD

"It Was Nov. 25, 1925, and the firemen were dancing at their annual ball in the Civic Auditorium in Balboa Park.

"Suddenly, flames swept through the building and burned it to the ground."

Just like that, huh?

The quotation is from a recent newspaper story which pointed out that San Diego had a Civic Auditorium 30 years ago but hasn't had one since.

Well, I attended that fire as a youthful spectator. The way I remember it is that the fire started before the firemen's dance; they definitely weren't fiddling, like Nero, while Rome burned.

So much for that.

A military fella wrote a letter to another paper the other day complaining that he drove along 59 blocks of residential streets on Flag Day and counted only 17 American flags.

"Has it come to pass," he wrote, "that San Diegans are no longer proud to be American citizens—to tell the world of that pride?"

"What must those who made the supreme sacrifice... think of our kind of gratitude to them?"

The answer to that is fairly obvious. Of course we are proud to be American citizens; however, the mere display of the flag, or the lack of it, doesn't necessarily prove anything.

Actually, I saw a lot of flags in Ocean Beach and Point Loma. But suppose we made it compulsory to display the flag—would that make people more patriotic?

I remember the happy custom of flying the American flag on the Fourth of July. When I was a kid we owned a huge flag and always displayed it on the glorious Fourth. Our neighbors did the same.

It was fun to hoard firecrackers against the dawn of the long-awaited day... Flags flew, bands played, soldiers marched, and orators discoursed about our valiant past.

Well, we're more sophisticated now and the Fourth of July isn't what it used to be.

I'm not saying we should turn the clock back. Firecrackers are no good without a vacant lot to shoot 'em in; and drunks throwing lighted firecrackers into cars, a Fifth and Broadway spoiled that racket. But the old American custom of flying the flag on the Fourth was a good one.

The Ocean Beach Republican Woman's Club is urging local residents to do it this year, and I'm sure the Point Loma Democratic Club doesn't object.

See where a lot of Point Loma girls are planning to attend the U. of A. in Tucson next September.

It's a good school... and the boys outnumber the girls by a big margin.

## Speed Kills! Take It Easy This Summer

SPEED KILLS! TAKE IT EASY! is the slogan of organized safety groups throughout California in their campaign during June, July and August to lessen the fatality and accident toll on streets and highways.

During the period between Memorial Day through Labor Day, the Speed Control program is being sponsored locally by the San Diego Insurance Agents Association and the San Diego County Traffic Safety Council.

The campaign will remind motorists that the misuse of speed causes accidents and the faster the speed at the time of collision, the more severe the damage and injury.

Bumper strips reading "SPEED KILLS!" in bright fluorescent material have been distributed throughout San Diego County. The strips are designed not only to carry the theme message of the campaign but to reduce rear-end collisions through better visibility.

Horrible Examples  
Wrecked automobiles with messages warning of the dangers of speed have been placed in service stations and military bases in the San Diego area. Large SPEED KILLS highway bulletins have been placed in advantageous locations and the campaign is being carried on forcefully in newspapers and on radio and television.

The summer months have the highest fatality rate of any period of the year. Last year 48 persons lost their lives on San Diego County streets and highways during June, July and August. The SPEED KILLS campaign is designed to bring public reaction and participation to bear on traffic safety with the result that accidents, injuries and deaths are measurably reduced.

## Starlight Opera Starts Tonight

To make Balboa Park Bowl available for the opening ceremonies of the State Convention of the American Legion, Sunday evening, June 26, Starlight Opera has postponed a scheduled performance of "The Mikado" from that night to Wednesday, June 29. Otherwise the normal schedule of eight nights will prevail—June 23, 24, 25, 26, 27, 28, 29, 30, July 1, 2, 3.

The Gilbert and Sullivan favorite was selected last summer by popular ballot, to open Starlight's tenth and most ambitious season of out-door summer musicals in the park. It will be followed at two-week intervals by "Wonderful Town," a recent Broadway, prize-winning musical; the Scottish fantasy, "Brigadoon," repeated from the 1951 season; Cole Porter's smash hit, "Kiss Me Kate," which broke all attendance records, when first produced here in 1952; "Song of Norway," redolent with the best-loved melodies of Edward Greig, from 1950; and the all time hit, "South Pacific," by Richard Rodgers and Oscar Hammerstein, 2nd.

The special performance of "The Mikado," June 29, will be in honor of visiting Legionnaires and their families. A large number of choice seats is being held for their use. Reservations for all performances may be made at the box office, 630 "C" St., in downtown San Diego, or by phoning BE-3-6301.

## Tuna Fishermen's Wives Set Mass Meeting Friday

The future livelihood of many Peninsula families will be discussed tomorrow night when about 1000 wives of San Diego tuna fishermen hold a mass meeting at the Cannery Workers and Fishermen's Union Hall, 640 State St. That announcement was made yesterday by Mrs. Mary Correia, chairman of the meeting.

Meanwhile, four fishermen's wives were in Washington, D.C., this week to present their case to Federal officials for a quota on imports of tuna from Japan. They are Mrs. George Zeluff, Mrs. Joseph Giacalone, Mrs. Theodore E. Brown and Mrs. Franklin A. Diamond.

During tomorrow night's meeting, telephone calls will be placed to Sen. Thomas Kuchel (R-Calif) and Rep. Bob Wilson (R-San Diego). Through a public address system, the wives will hear the lawmakers talk on the results of the protest meeting the four fishermen's wives had this week with State Department officials in Washington.

A TV film of a talk on the tuna problem given by Wilson over Channel 8 will be shown, Mrs. Correia said.

The wives are conducting a campaign to get President Eisenhower to impose a quota on frozen tuna imports.

At the Southern California Exposition and County Fair, opening at Del Mar tomorrow, fishermen's wives will display equipment and explain the technique used by their husbands in harvesting the Pacific tuna crop, according to Mrs. Vera Romani.

## LOCAL ANGLERS TO QUALIFY FOR FISHOFF

With the curtain scheduled to drop on the second of four qualifying periods of the \$25,000 San Diego Yellowtail Derby Saturday, candidates for the 100 bids to the fishoff for the automobile and other major prizes at stake on June 29 left no stones unturned in their efforts to bag a qualifier this week.

Come what may, the Point Loma-Ocean Beach district still will be strongly represented in the period finals with the following certain to qualify: J. D. Vose, 4654 Pescadero, 26-12 yellow; Hal Litterick, 4955 Voltaire, 26-4 bluefin tuna, and George Oliver, 5032 Santa Cruz, 25-2 yellow.

Largest yellowtail of the week proved to be a 48 pound 8 ounce lunger taken at the La Jolla kelp beds by J. E. Epler, San Diego, but unfortunately he was fishing from a private boat which had not been registered for Yellowtail Derby participation.

Fishing was red hot during the week and anglers took advantage of the situation to rack up 4791 yellows and 8085 log barracuda.

Point Loma and La Jolla kelp beds also came to life with good catches of barracuda, bass, and white sea bass.

## GOOD DIALING HABITS ARE ILLUSTRATED

Don't be surprised the next time you walk into a market, bank, or any of a number of other public places, if you see an attractive woman pointing out good dialing habits to groups of people.

Three telephone women have been doing this type of instruction as part of the company's public information program relative to the local incorrect dialing situation.

Statistics show residents in the San Diego metropolitan area still are making a higher percentage of dialing mistakes than any other community in the country.

The instructors, Evelyn Rice, Alberta Frederick, and Olga Kranich, have received special training. They use a regular telephone connected to a battery that enables them to produce a dial tone by throwing a switch. A watchful eye is kept on people dialing a test number of CONGRESS 4-0613.

Correct dialing tips are offered, and personal number booklets are distributed. These women have been contacting around 300 persons daily during the past two weeks. They plan on making demonstrations in around 100 locations within the next few weeks.

## O. B. CHAMBER TO MEET TUES.

## O. B. Pony League Completes First Round Today

First round of Ocean Beach Pony League play was to be completed with today's game between the O. B. Merchants and 7 Up.

The Merchants are assured of at least a tie for first round honors, with 7 Up having an opportunity to pull itself up into a tie.

The double header last Saturday featured some of the best baseball seen this season, starting with a very good pitching effort by Don Smallwood of the O. B. Merchants in striking out 17 Service Clubbers and beating them 4 to 0. Alan 'Lil Hoot' Ebers pitched a good game in a losing cause, but a fellow can't win a ball game with no runs.

The second game didn't have an outstanding pitching performance, although Bruce Newton of Fleetridge kept the 7 Up club fairly well under control, but it did feature a tremendous last inning rally that saw the winning run scored on an overthrow.

The Realtors had built up a 4 to 1 lead going into the final inning with the so-called weak end of the batting order coming up. Steve Everkiou led off by beating out an infield hit, and Newton put himself into hot water by walking both Bob Olson and Walt Woolfolk. Ron Crosby then proceeded to whittle the lead by batting in two runs with a double to left center.

With Woolfolk on third, Larry Williams laid down a perfectly executed squeeze bunt that tied the score and in the subsequent follow up play on Crosby the ball was thrown into the alleyway alongside the backstop giving the runner an automatic extra base, this proving to be the winning run and giving the 7 Upers a thrill-packed victory.

The Ocean Beach Pony League expressed its appreciation to the local unit of the Fire Department for wetting down the ball field and washing off the grandstand. It has helped a great deal in preparing the field for the Saturday double headers.

The club, formerly the Ocean Beach Junior Woman's club, resigned from its parent group, the Ocean Beach Woman's Club, and the County Junior Federation of Women's Clubs previously, and has been accepted by the Senior County Federation of Women's Clubs. Mrs. George Schwegel, outgoing president of the group announced, "The club voted unanimously to reorganize as a Peninsula Woman's Club, after much deliberation, feeling that this was a truer representation of its membership."

Mrs. Schwegel was chairman of the committee which worked on decorations and arrangements for the installation ceremonies. Assisting her were: Mrs. Joseph Tody, Mrs. David Curtis, Mrs. Arthur Attebery and Mrs. Arthur Stanten. Decorations were in vivid pink and black.

An installation dinner-dance was held at Admiral Kidd Officers Club. The installation ceremonies were conducted in the Ocean Beach Woman's clubhouse.

## KIWANIS BEATS OPTIMISTS IN LITTLE LEAGUE

The best-pitched Little League game of the season was played last Saturday when the Kiwanis team won its sixth straight game, 2 to 1, in a tight mound duel between Tom Webb of Optimist and Skippy Ikimura of Kiwanis.

Each pitcher hurled near-perfect ball, facing only 24 batters. Skippy set a league record by striking out 16 Optimists. Micky Burkholder drove in the winning run in the last inning by singling in Larry Garcia, who had doubled. Jack Lay Jr. got two of the five hits for the losers.

Saturday's second game was a free-hitting affair, De Falco's winning 14 to 13 over Rotary in extra innings. A bases-loaded homer by Mike Way gave De Falco's an early lead but two home runs with men on by "Big Mike" Dolphin put Rotary back in the game.

Rucker 3 for 3  
In the seventh, Mike Way drove in John Weh, who had walked. Garry Rucker was 3 for 3 for the winners.

This was the second extra-inning game Rotary had lost. Rotary mothers have been giving their team wonderful support—the rest of the mothers and dads are asked to come out and support their favorite team. Now that all league games are at Cabrillo, there are plenty of seats. Refreshments may be obtained at the Boys' Club adjacent to the field.

A double-header will be played Saturday, first game at 10 a.m.

## Butter Spreads Sandwich Fame

The phrase, "bread and butter" became part of the framework of the English language because these two foods are basic in the daily menu. Butter gives flavor and moistness to bread. It also has a flavor-carrying factor that makes its use standard in sandwiches. Butter actually distributes the goodness of the filling throughout the sandwich.

Since butter is so delicate a spread, it must be protected from air, light, the hazards of shipment and from stronger flavored foods near it. It will stay creamy—fresh if packaged in parchment or foil wrap plus a paraffined carton. Unless used immediately at home, butter should be kept in the carton to guard against more dominant flavored foods in the home refrigerator.

## Luncheon Sandwich

8 slices bread or toast  
Butter  
1 cup chopped chicken, flaked  
or canned crabmeat, salmon,  
tuna or ground cooked ham  
1 hand cooked egg, chopped  
2 tablespoons chopped green  
pepper  
1/4 cup finely diced celery  
1 teaspoon prepared mustard  
1/4 cup mayonnaise

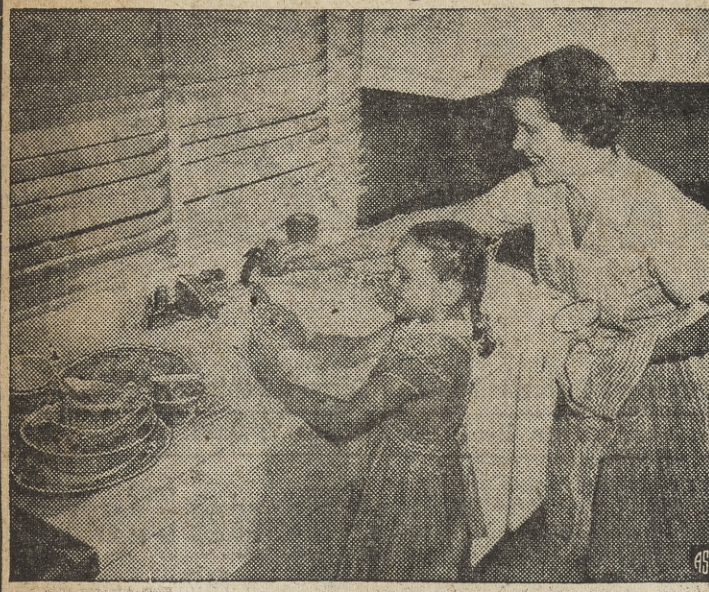

Spread bread or toast with butter. Mix together remaining ingredients. Pile on top of 4 of the buttered bread slices; top with remaining slices.

YIELD: 4 servings.

## Flavored Butter Spreads

(Enough for 40 canapés or tea sandwiches)  
1. Soften 1/2 cup butter. Add 1/4 cup finely chopped watercress and 1 tablespoon chopped parsley, 1 teaspoon lemon juice and 1/4 teaspoon minced onion. Mix well.  
2. Soften 1/2 cup butter. Add 2 tablespoons horseradish and 3 tablespoons minced pimiento. Mix well.  
3. Soften 1/2 cup butter. Add 1 small can deviled ham, 1 teaspoon prepared mustard and 1/4 teaspoon Tabasco. Mix well.

## Suds-Training Is Fun

Think of your daughter as a future homemaker, no matter how young she is, and the process of keeping things clean won't be a problem. Dishwashing is a good start, for after dinner is a companionable time for "womenfolk" to get together.

At first you may have to re-do some of a little girl's sink-work, but with practice and patience, she'll soon be a real help.

Your young teammate will be more interested and eager if you explain why you follow an efficient dish-washing routine. And you can make it more fun if you make a game of playing house with each lesson. Here are a few suggestions:

Let her clear the table and scrape the dishes with a rubber scraper or crumpled paper. A garbage bag set in a container on the floor will be within her reach and a step-up platform will bring her up to sink height.

Little hands can't take the hot soapsuds necessary for good dish-washing. Give her a dishpan of her very own. If she is taught to do just a few places at a time, the task will be easier for her—and safer for your dishes, too.

A lesson in changing soapsuds frequently when dishes are greasy will impress upon her the importance of sanitation in relation to foods. Good, lively soapsuds are a MUST for a thorough job. Along with this comes the point of keeping fingers away from surfaces which will later touch food or mouth, such as insides of cups, knife blades and fork tines.

Last comes the clean-up lesson—washing out her dish towel and her mop, sponging off the sink and putting everything in order. And then be sure to reward her with compliments, and you'll both feel happy about it all!

Solve the recreation problem for your youngsters through such Red Feather agencies as the Boys' Club, Camp Fire Girls, Boy Scouts, Girl Scouts, YMCA or YWCA. They offer skilled supervision of a well balanced program of recreation and instruction.

## Watch For Those Children At Play

Ever been driving along a city street when a child suddenly darted out from the sidewalk in pursuit of a ball? If you were driving properly at the time, points out the Public Safety Department of the National Automobile Club, you undoubtedly came to a stop safely, but were duly impressed by the irresponsibility of children at play.

Children are irresponsible when they play. Whether they're being cowboys and Indians, cops and robbers playing shop, or playing house, they become completely wrapped up in what they're doing and forget all else. And that is why they are so accident prone, so completely at the mercy of the motorists who are driving by. That is why the motorists who are driving by must use extra caution, extra care.

Whenever you're driving near schools that are going in or getting out, near busy playgrounds, or through suburban areas, slow down and be safe. Whenever and wherever children are at play, slow down and be safe.

## WHAT'S DOING

D. W. Lewis, your Telephone District Manager in San Diego

"Sorry . . . you dialed the wrong number but I'm glad you called. I'm Gay Cowie, "the Fairest of the Fair", and hostess for the San Diego Convention & Tourist Bureau. May I call your attention to the Southern California Exposition and County Fair at Del Mar which runs June 24 through July 4?

It's the largest annual summer event in San Diego County . . . there's lots to see and do . . . and all free under the singlegate admission policy. You'll not want to miss the nitely National Horse Show, international photo salon, arts and crafts, livestock, Festival of Flowers, A Woman's World, telephone exhibit, and countless other displays all on exhibit for your enjoyment.

and did you know?

The Exposition depends on a very extensive phone system. There are 50 extensions and 17 pay stations on the grounds. Telephone crews worked for a month installing this temporary net work of modern communication. Pacific Telephone.

## Operation Surplus Is 'Greatest Food Buy Of Our Time'

Operation Surplus, the county-wide campaign to raise \$35,000 which will provide \$700,000 worth of surplus foods to the hungry peoples of Europe, Asia and Africa, continued this week. The goal of the drive amounts to one hundred carloads of food, released from government warehouses by the President for distribution overseas by recognized relief agencies.

Leading the way toward making up the San Diego surplus

food train of 100 carloads was Convair Machinists Lodge 1125, International Association of Machinists. This group of local union men and women donated \$350 to the campaign thus purchasing \$7,000 worth of surplus foods which will be distributed on their behalf by the American Friends Service Committee.

**Dr. Rust Heads Drive**  
Dr. William C. Rust, President of California-Western University and General Chairman of the drive, appealed to the entire community to be a part of Operation Surplus. He explained that this is San Diego's opportunity to extend the hand of American fellowship to the starving of the world, plus taking advantage of the greatest food buy of our time, \$20 worth of food for every \$1 given.

Dr. Rust stated the following in regard to Operation Surplus: First, that it is costing the taxpayers \$30,000 an hour just to store the six billion dollars worth of surplus food now owned by our government. Thus, every carload of this food sent overseas actually reduces the storage charges. Second, that in addition to sharing our own over-production of food with the less productive lands we are contributing by helping maintain the farm prices determined by our Congress.

Third, that since the only cost involved in Operation Surplus is

that of distributing it once it arrived cost free at its foreign destination we are now able to purchase twenty times the normal amount of food for each dollar.

**One Dollar Goes Far**  
"Think of it in these terms," said Rust. "One dollar buys enough food to feed one family one hundred days! When we realize that statistics prove that two-thirds of the people of the world go to bed hungry every night, how can we expect our ideals of democracy to grow?"

Communism thrives on starvation because it promises future relief to the hungry. Operation Surplus is the American way of helping to fill these starving people first with food, thus proving our stated ideal of good will for all.

For the price of one cup of coffee, ten cents, a humane San Diegan will through Operation Surplus supply a diseased child with a pint of milk every day for 100 days. Ten dollars donated will send two tons of food, enough to feed many entire underprivileged towns.

**All Faiths Involved**  
Operation Surplus, brought into being in San Diego by a group of leading citizens of all faiths, will channel all funds into the authorized relief agencies the donor wishes selected. Each of the major religious groups has its own functioning relief organization in all parts of the free world where hunger now exists. Thus, the individual or group may choose either the Protestant, Catholic, Jewish or American Friends to be assigned his gift. Also, any area or country may be designated by the person or group which makes a donation.

**Mail a Dollar**  
Funds may be mailed to Operation Surplus, Box 7575, San Diego, California or to the San Diego Trust & Savings Bank, San Diego 12, California. "By giving just one dollar to Operation Surplus," said Rust, "you may be discomforted for a day, possibly two, but you will be giving an entire family enough food for one hundred days. Remember our own children can never have hope for world peace, democracy and justice when we have so much while two-thirds of the world are still perpetually hungry."

**HIGH SCHOOL FRIENDS HOLD REUNION HERE**  
A reunion of high school friends of Dickie Osgood was held at a barbecue at her Point Loma home Thursday evening. Dickie has just completed her freshman year at Pomona College.

Invited guests were Eleanor Wilson and Lindsay Bourne who also attend Pomona; Marsha Williams, University of California; Kathie Miller, Nancy Robinson and Rosalie Kostanzer, University of California at Los Angeles; and the following San Diego State College students: Barbara Bence, Beverly Beauchair, Jerri Dilno, Martha Edwards, Beverly Ferguson, Sandra Keyes, Nancy Kirkhoff, Patsy O'Bannon, Liz Peterson, and Betty Townner.

## Tips on Touring

By Carol Lane  
Women's Travel Authority

Ever since Cleopatra chose linen for the sails of her Nile River barge, women have been calling the turn on style and comfort in travel. Nowhere is the woman's touch so evident as in the design of today's cars.

In recent years, women have steered car designers toward important changes in both the car's interior and its mechanics. If the distaff driver hadn't put in her two

cent's worth, cars probably wouldn't have glove compartments, inside lighting, assist straps, floor carpeting, ample baggage space in the trunk compartment or non-skid tires.

The designing female has affected car design in other ways, too. Car manufacturers listened to women's pleas and answered with the light, low stream-lined car currently on the road. Women's need for cars that were easier to handle resulted in modern power assists in steering, brakes, window lifts and seat adjustment. In an effort to simplify women's driving, manufacturers introduced automatic transmissions to replace clutches and gearshifts.

Milady's other suggestions resulted in wider doorways, lower steering wheels, larger back-up lights, more adjustable sun-visors and glove drawers in place of conventional compartments. Two ash trays in the front seat were introduced to eliminate her need to reach so far; the door button was redesigned to preserve her fingernails; broader windshield expanse was added to give the petite damsel better vision; instrument panels were regrouped to place them in easier reach.

Since distaff drivers number more than 20 million strong, car designers continue to cook an attentive ear in their direction. Now automotive companies are now interested in the woman's viewpoint that they have teams of trained market research analysts out reading her mind even before she makes it up. Perhaps they agree with Rudyard Kipling that "a woman's guess is much more accurate than a man's certain."

## COUNTY FAIR BOOTH

Employees of the San Diego County Department of Public Welfare, "disturbed by the recent attack on them, are sponsoring a booth at the County Fair," it was announced this week.

"They hope in this manner to bring to the public a better understanding of welfare programs and services. The booth's cost is being met by voluntary contributions from these employees, who are also donating their time for planning and staffing it."

Theme of the display will be "What Your Welfare Department Does."

A total of 482,567 persons in 1954 failed in tests given by the Department of Motor Vehicles for California drivers licenses.

## 'Help Your Heart' Club Is Organized

## BRIDGE SCORES

Ocean Beach Community Bridge scores for the game of June 15 were announced as follows: East-West, High Over All, Mr. and Mrs. Phillip Shunk; Second, Stella Christy and Cathy Morrison; third, Mr. and Mrs. Roy Sites. North-South, first, Carrie DeLane and Vera Michael; second, Lilly Kocar and Lawrence Kerner; third, Emma Hegerle and Bernie Andrews.

## Speaking of PUBLIC SAFETY

Public officials have found that public education regarding night driving hazards has paid big dividends. According to the National Street and Traffic Safety Bureau, these are the rules that have helped reduce night driving accidents where street lighting is bad:

1. Slow down. Don't regulate your speed by posted limits alone. Remember, speed must be governed by conditions, and darkness is a condition that calls for caution.

2. Have your car checked frequently. In darkness, immediate response of the vehicle is a must. Double-check all lights.

3. Be alert. Keep a constant watch for pedestrians and for vehicles with dim lights or no lights at all.

4. Don't wear tinted glasses at night. The advantage they offer in reducing glare is more than offset by the disadvantage in reduced vision.

5. Use headlights properly. Use upper beam only on rural highways when no approaching car is within 1,000 feet. Use lower beam when oncoming cars approach, when you are overtaking another car, and when driving in cities and residential areas.

6. Dim your lights, even though an oncoming driver fails to dim his. Trying to get even by blinding him is risking your neck. Maintain control of your car by looking at the right shoulder of the highway.

7. Be sure your lights are on before you pull onto a thoroughfare at night.

8. Never stop on the travelled portion of a roadway at night. If you must stop, pull completely off the roadway, leaving parking and dome lights on. Carry flares for use in emergencies.

"Don't stop buying tuna, but when you buy, buy good brands," is the advice given us by Mrs. Veba Skidmore, spokesman for the Tuna Fishermen's Wives. One of our questions to her was, how do we know we are eating Japanese caught tuna. Then is when she told us that buying known brands, and mostly from the San Diego area, is the best guarantee. Continuing our interview she told us that if the 25 per cent quota is not met, the tuna industry of San Diego cannot exist more than six months.

Mr. and Mrs. James P. Garrett and sons, Jerry & Dewey, of Richmond, Mo., have been here visiting with Mr. and Mrs. Walter Garrett, 1038 Devonshire Dr. This was their first visit here and the Walter Garretts really showed them our area with sightseeing trips into the back country. The visitors upon leaving California were to take in Bryce Canyon and Salt Lake City enroute to Missouri.

Lt. (jg) Richard T. Wegner, USN and Mrs. Wegner of Berkeley, Calif., are here via Navy orders and are making their home in the 1700 block on Sunset Cliffs Blvd.

A re-surfacing job on Froude street from Pescadero Avenue to Green St. has made the street better than new. It has covered many of the sharp "cobblestones".

The Annual Parish Picnic of Trinity Episcopal Church will be held Sunday, June 26, according to Mrs. Ed Peterson, Church School Superintendent. The annual event is sponsored each year by the Church School and this year will be held at the foot of Long Branch Avenue beginning at 1 p.m. All members and friends of the church and especially members of Church School, have been invited to attend.

Services next Sunday will include the Holy Eucharist at 7:30 a.m., and 9 a.m., and Morning Prayer at 11 o'clock with sermon by the Rev. John R. Nicholson.

There will be two celebrations of the Holy Eucharist next Wednesday, Feast Day of St. Peter, Apostle, at 6:30 a.m. and 9:30 a.m. Father Nicholson will be celebrant at both services.

## "IN THE GOOD OLD SUMMERTIME..."

There's no better time than now to start putting a few dollars aside for summers to come. Systematic saving for the things you want is a time-tested formula for adding to *anyone's* share of happiness. Think it over. If a cabin in the hills or a seaside cottage can add to your enjoyment—start saving for it now!

## HAPPY MOTORING!

Drive safely...and carry Bank of America Travelers Cheques! That's good advice the year 'round, but especially important right now. For one thing, highways are more crowded during the summer months, so it pays to be extra careful. Wherever you go, carry B of A Travelers Cheques to protect your travel funds. You can cash them anywhere, and they cost only 75¢ for each \$100 worth you buy.

## AD LIBS

By ADALINE DUDLEY

AHOY, LANDLUBBER—Mrs. Smith went something like this: Cecil Adams got on the phone last week to sell chances in a money raising event. Her conversation with Mrs. Harold bought a cat for Edwin for twenty-five cents. But I don't know what I'd do with a penguin.

"The kids would just love it." "I guess I could keep it in the back yard." "Yes, you could." "On second thought, I wouldn't want it waddling all over the back yard. I'd probably give it to the zoo."

"Zoo! Honey, this penguin is a small boat, not an aquatic bird!"

DESTINATION: EAST—Santa Fe station was full of trip-bound Bovees Saturday morning. Mrs. Glenn Bovee and her twin daughters, Jerri and Mary, bought tickets to Detroit where they will be met in a brand new car by Mr. Bovee. They'll drive to New York City for a 12-day vacation of Broadway shows, shops and special spots. Miss Joanne Bovee, older daughter, who teaches at Silvergate school, also boarded the same train. She'll visit friends in Chicago before going on to New York City where, on June

29, she sails for Europe on the "Constitution". Joanne and a college chum plan to rent a car to tour the European countries, arriving home just in time to clock-in for school duty Sept. 6.

TEN O'CLOCK BRUNCH—Mrs. James Noel was hostess at a brunch Wednesday in her home at 3035 Garrison. Her guests were members of Group 5 of the Women's Guild of the Point Loma Community Church. Mrs. H. D. Jewel is group leader.

TRIPPING NORTH—En route to their old home town, Seattle, Washington, are Mrs. Frederick Carlyle Thompson, son Tim and mother-in-law, Mrs. Sue Thompson, 3035 Lawrence. They've rented an apartment there for their visit and reunion with former friends.

PRIZE WINNERS—A ceramic coffee set won first place for Mrs. A. W. Withers, 4567 Bermuda, in both judging and popular vote in the recent citywide AAUW Creative Day competition. The set, which includes a huge pot, sugar, creamer and sandwich plate, was fired in her own kiln in her basement studio. Featuring sea life, the pieces have a white background, flecked with sea colors of blue, green and yellow.

## Adm. Carney Speaks In S. D. Tonight

Adm. Robert B. Carney, chief of naval operations, will address nearly 150 civilian and military leaders tonight at a dinner at the Don Room of the El Cortez Hotel.

Adm. and Mrs. Carney will be honored guests of the San Diego Chamber of Commerce, the city, the county and the San Diego Council of the Navy League of the United States.

Ewart Goodwin, chairman of the Chamber's Armed Services Committee, will preside as chairman of the dinner.

## WOMEN'S GUILD

A luncheon meeting for Group 7 of the Women's Guild of the Point Loma Community Church will be held at 12 noon, Tuesday, June 28, in the home of Mrs. Joseph B. Smith. Mrs. Charles Moore is leader.

## Poor Facilities For Public Health Outlined

Dr. J. B. Askew, Director of Public Health, has alerted the Board of Supervisors to the fact that the lack of building facilities for the city-county public health program has reached the desperation point.

He urged the Board to give the public health building program top priority in the 1955-56 budget. Askew pointed out that if the county fails to take action, San Diego County will stand to lose close to a million dollars in funds allocated by the State and Federal governments for this purpose.

The county's share of the proposed building program is only one-third of the total, Askew said, and comes to about \$443,000. Dr. Askew said that the Health Department had also saved as much as possible out of its present budget and had a nest egg which it hoped could be used as part of the county's share.

**Federal & State Funds**  
It was in 1948, that San Diego County first applied for federal and state funds under the provisions of the Hill-Burton Act for the construction of health centers. Under the Hill-Burton program, federal, state and local government each provide one-third of the cost of construction of public health buildings. "After seven years," Dr. As-

kew said, "San Diego County finally finds itself at the top of the list for allocation of State and Federal funds."

The current buildings for housing of the staff and services of the Department of Public Health were described by Dr. Askew as "grossly inadequate." Housing for the staff and operations is split between four locations in the city of San Diego: the Public Health Laboratory and Tuberculosis Clinic at 524 West G Street; the Venereal Disease Clinic in the basement of Civic Center; the Mosquito and Rodent Control at 4005 Rosecrans; and Public Health Nursing, Vital Statistics, Business Management, Public Health Education, Industrial Hygiene, Sanitation, Acute Communicable Disease, Maternal and Child Health, School Health and Administration at 3330 Congress Street.

### Frame Construction

With the exception of the room in the basement of Civic Center, the other three buildings are of frame construction and classed as temporary structures.

The lack of sub-health centers at central locations throughout the county and city, Askew added, is not only a severe handicap in protecting the public health, but it is also the cause of increases in county expenditures. With the construction of sub-health centers with proper working space, Askew pointed out that decentralization of the

Department of Public Health will save approximately 10 percent of the current \$100,000 a year now spent on travel.

## JEHOVAH'S WITNESS TO ATTEND ASSEMBLY

Seventy-five delegates from the Ocean Beach congregation of Jehovah's witnesses will attend an assembly in Los Angeles, July 6 to 10. Herman Deines, presiding minister here, who will head the delegation, announced today that a total of 30,000 is expected to attend from states throughout the west.

Mr. Deines described this assembly as one of a world-sweeping series of eleven Christian conventions. "In 1953," Mr. Deines pointed out, "we had one international gathering of ministers at Yankee Stadium in New York that drew a peak attendance of 165,829 from 97 lands. This year we hope our combined attendance will double that."

The cities in the United States and Canada named as convention sites are Chicago, Vancouver, B. C., Los Angeles, Dallas and New York. Those in Europe are London, Paris, Rome, Nurem-

"Today is the day that I will start collecting for the Peninsula News. I won't have time to see all of my customers in one day . . . but I will see you as soon as possible. It will help me a lot if you will make certain that you are paying a Peninsula News delivery boy and not a representative from some other newspaper. Be sure to ask for a Peninsula News receipt. Only boys authorized to collect for the 'NEWS' will have them. Prompt payment of 25c for 4 issues of the 'NEWS' will be collected from each subscriber. Your cooperation will be appreciated. We are instructed to give every customer the very best service possible. If for any reason you are not satisfied with the delivery service you are now getting, please tell your carrier, or notify the Peninsula News Circulation Dept. by calling AC-3-3156.

THANK YOU.

# LAST WORD IN REFRIGERATORS

The last word in refrigerators is this —

to keep pace with the modern ideas in

frozen foods, today's refrigerators

have big, big freezer compartments so

you can store lots of frozen foods

properly . . . and serve lots better meals.

See them at your dealer's now.
